

Eric D. Donnenfeld, M.D., F.A.C.S.

Lectures and Presentations

Contact lens complications: Prevention and management - Nassau County Medical Center, East Meadow, New York, September, 1985.

Contact lens complications: Prevention and management - Veterans Administration Medical Center, Northport, New York, November, 1985.

Contact lens complications: Prevention and management - St. Vincent's Hospital, New York, New York, December, 1985.

Radial keratotomy - Winthrop-University Hospital, Mineola, New York, February, 1986.

Contact lens complications: Prevention and management - Downstate Medical Center, Brooklyn, New York, March 27, 1986.

Management of persistent epithelial defects - Wills Eye Hospital Cornea Symposium, Philadelphia, Pennsylvania, April, 1986.

Clinicopathologic correlations in cornea and external disease - Manhattan Eye, Ear and Throat Hospital, New York, New York, September, 1986.

Surgical correction of astigmatism - Nassau County Medical Center, East Meadow, New York, September 26, 1986.

Contact lens complications: Prevention and management - South Nassau Communities Hospital, Oceanside, New York, October 7, 1986.

Management of persistent epithelial defects - Veterans Administration Medical Center, Northport, New York, December 3, 1986.

Complications of contact lens wear - Interfaith Medical Center, Brooklyn, New York, December 3, 1986.

External disease update - Grand rounds - Manhattan Eye, Ear & Throat Hospital, New York, New York, May 21, 1987.

Update of management of corneal ulcers - St. Vincent's Hospital, New York, New York, June 5, 1987.

Contact lens related corneal ulceration 1987 - Manhattan Eye, Ear & Throat Hospital, New York, New York, September 12, 1987.

The red eye - Conjunctivitis - South Nassau Communities Hospital, Oceanside, New York, October 7, 1987.

Conjunctivitis in children - North Shore University Hospital, Manhasset, New York, October 14, 1987.

Problem solving in corneal and external disease - North Shore University Hospital Grand Rounds, Manhasset, New York, February 3, 1988.

The conjunctival and corneal complications of contact lens wear: Management and prevention - College of Optometry, New York, New York, March 8, 1988.

Management issues in cornea and external disease - St. Vincent's Hospital, New York, New York, March 16, 1988.

Contact lens use and abuse: Prevention and management of complications - Program Director of the Joint Meeting of the Medical Society of the State of New York and the New York State Ophthalmological Society, New York, New York, April 23, 1988.

Contact lens keratopathy and contact lens related corneal neovascularization - Joint Meeting of the Medical Society of the State of New York and the New York State Ophthalmological Society, New York, New York, April 23, 1988.

Corneal complications of contact lenses - New York University - Bellevue Medical Center, New York, New York, May 16, 1988.

Moderator, Symposium on Evaluation and Management of Ocular Trauma - Nassau County Medical Center, East Meadow, New York, December 14, 1988.

Management and Evaluation of Anterior Segment Trauma - Nassau County Medical Center, East Meadow, New York, December 14, 1988.

Problem solving in external disease - Winthrop-University Hospital, Mineola, New York, January 18, 1989.

Evaluation of ocular trauma - St. Vincent's Medical Center, New York, New York, February 16, 1989.

Evaluation of ocular trauma - American Academy of Ophthalmology annual meeting, New Orleans, Louisiana, November 2, 1989.

Seminar and wetlab on phacoemulsification - Program Director - Nassau County Medical Center, East Meadow, December 13, 1989.

Management of anterior segment trauma - Veterans Administration Hospital, Northport, New York, February 7, 1990.

Management of persistent epithelial defects - Manhattan Eye, Ear & Throat Hospital, New York, New York, February 27, 1990.

Problem solving in external disease - North Shore University Hospital - Long Island Jewish Medical Center Grand Rounds, New Hyde Park, New York, March 7, 1990.

Treatment of persistent epithelial defects and recurrent erosions - Combined Mercy Hospital, Hempstead General Annual Meeting, Rockville Centre, New York, March 10, 1990.

Diagnosis and management of contact lens complications - Veterans Administration Hospital, Northport, New York, March 12, 1990.

Corneal trauma - New York University Medical Center, New York, New York, March 19, 1990.

Management of persistent epithelial defects and recurrent erosions - Manhattan Eye, Ear & Throat Hospital, New York, New York, March 24, 1990.

Management of ocular trauma - New York University, New York, New York, April 2, 1990.

Management of epithelial defects and recurrent erosions - Winthrop-University Hospital, Mineola, New York, May 7, 1990.

Unknowns in cornea and external disease - St. Vincent's Hospital, New York, New York, May 9, 1990.

Current Management of External Disease Symposium - Course Co-Chairman, Manhattan Eye, Ear & Throat Hospital, New York, New York, May 12, 1990.

Hyperthermia in the management of infectious corneal ulceration - Cornell University College of Medicine, New York, New York, May 17, 1990.

Ocular and orbital trauma - Co-Director - North Shore University Hospital - Long Island Jewish Clinical Day in Ophthalmology, New Hyde Park, New York, May 23, 1990.

Recurrent corneal erosions and persistent epithelial defects - Indiana State Ophthalmic Society, Indianapolis, Indiana, September 18, 1990.

Management of anterior segment trauma - Grand Rounds - University of Indiana, Indianapolis, Indiana, September 19, 1990.

Cataract Symposium - Moderator - North Shore University Hospital - Long Island Jewish Medical Center, New Hyde Park, New York, September 26, 1990.

Management of persistent epithelial defects and recurrent erosions - New York Hospital - Cornell University Medical Center, New York, New York, September 27, 1990.

Management of persistent epithelial defects and recurrent erosions - Winthrop-University Hospital, Mineola, New York, October 2, 1990.

Management of persistent epithelial defects and recurrent erosions - Downstate Medical Center, Brooklyn, New York, November 15, 1990.

Control of astigmatism in the post-keratoplasty patient - Nassau County Medical Center, East Meadow, New York, November 16, 1990.

Advances in phacoemulsification - Moderator - Nassau Surgical Society, East Meadow, New York, December 12, 1990.

Corneal and anterior segment trauma - Veterans Administration Hospital, Northport, New York, March 6, 1991.

Problem solving in external disease - Grand Rounds - Manhattan Eye, Ear & Throat Hospital, New York, New York, April 23, 1991.

Advances in the management and treatment of corneal ulcers - HIP Doctors of Metropolitan New York - New York, New York, May 7, 1991.

Problem solving in cornea and external disease - Grand Rounds - Winthrop-University Hospital, Mineola, New York, May 7, 1991.

Program Director - Manhattan Eye, Ear & Throat Hospital Alumni Biennial Meeting, New York, New York, May 10-11, 1991.

New topics in external disease - Manhattan Eye, Ear & Throat Hospital Alumni Biennial Meeting, New York, New York, May 10, 1991.

Infectious keratitis and corneal perforation associated with corneal hydrops in keratoconus - Annual meeting of the Ocular Microbiology and Immunology Group, Anaheim, California, October 12, 1991.

Suprachoroidal hemorrhage in penetrating keratoplasty - Pan-American Association of Ophthalmology, Anaheim, California, October 16, 1991.

The team approach to ocular trauma - American Academy of Ophthalmology annual meeting, Anaheim, California, October 17, 1991.

Anterior segment trauma - St. Vincent's/Cabrini Hospital Grand Rounds, New York, New York, October 23, 1991.

Recurrent erosions and persistent epithelial defects - Grand Rounds, Lenox Hill Hospital, New York, New York, November 13, 1991.

Anterior segment trauma - Interfaith Hospital, Brooklyn, New York, November 20, 1991.

Anterior segment trauma - Brookdale Hospital, Brookdale, New York, December 16, 1991.

Diagnosis and treatment of corneal ulcers - Suffolk Ophthalmology Society, January 20, 1992.

What's new in external disease - Manhattan Eye, Ear and Throat Hospital Grand Rounds, New York, New York, February 4, 1992.

Diagnosis and treatment of corneal ulcers - Parkway Hospital, Queens, New York, March 5, 1992.

Recurrent erosions and persistent epithelial defects - Glen Cove Hospital, Glen Cove, New York, March 6, 1992.

Keratorefractive surgery in perspective - Winthrop-University Hospital, Mineola, New York, April 7, 1992.

Anterior corneal dystrophy associated with psoriasis - Nassau County Medical Center, East Meadow, New York, May 15, 1992.

Persistent epithelial defects and recurrent erosions - New York Medical College, Valhalla, New York, June 1, 1992.

Problem solving in cornea and external disease - New York Ophthalmic Clinical Lecture Series, Manhattan Eye, Ear and Throat Hospital, New York, New York, June 11, 1992.

Excimer laser protocols and patient selection - Manhattan Eye, Ear and Throat Hospital, Excimer Laser Workshop, New York, New York, September 12, 1992.

Astigmatism control and relaxing keratotomies - New York State Ophthalmological Society Annual Meeting, September 26, 1992.

Program Director - New York State Ophthalmological Society Annual Meeting, "Advances in Phacoemulsification," New York, New York, September 26, 1992.

Recurrent erosions and persistent epithelial defects - HIP Panel of New York, New York, New York, October 27, 1992.

Comparing and contrasting excimer laser to radial keratotomy - Grand Rounds, New York University Medical Center, New York, New York, October 28, 1992.

Astigmatism management in cataract patients - ATPO 7th Annual Science Session, Dallas, Texas, November 9, 1992.

Recurrent erosions and persistent epithelial defects - Wills Eye Hospital Ninth Biennial Cornea Conference, Philadelphia, Pennsylvania, December 4, 1992.

Endothelial protection/Healon GV™ for demanding surgery - Kabi Pharmacia Ophthalmics, Inc. & Nidek, Inc., Techniques in Phacoemulsification, New York, New York, December 12, 1992.

Astigmatism control and relaxing keratomies - Kabi Pharmacia Ophthalmics, Inc. & Nidek, Inc., Techniques in Phacoemulsification, New York, New York, December 12, 1992.

A clinical day in ophthalmology - cornea and external diseases - Program Co-Chairman, Long Island Jewish Medical Center and North Shore University Hospital, Garden City, New York, March 10, 1993.

Keratorefractive surgery for the cataract surgeon - Visiting Professor, University of Pittsburgh, Pittsburgh, Pennsylvania, September 23, 1993.

Recurrent erosions - Visiting Professor, University of Pittsburgh, Pittsburgh, Pennsylvania, September 23, 1993.

Anterior membrane dystrophies - Visiting Professor, University of Pittsburgh, Pittsburgh, Pennsylvania, September 23, 1993.

Program Director: An update on keratorefractive surgery - New York State Ophthalmological Society, New York, NY, October 16, 1993.

Keratorefractive surgery for the cataract surgeon - New York State Ophthalmological Society, New York, NY, October 16, 1993.

Update on herpes simplex keratitis - Manhattan Eye, Ear and Throat Hospital Biennial Meeting, Update on Ocular Microbiology, New York, NY, October 16, 1993.

Astigmatic Surgery for the cataract surgeon - Grand Rounds, University of New Jersey, Visiting Professor, Newark, New Jersey, October 18, 1993.

Preoperative antibiotics in the prevention of endophthalmitis - Grand Rounds, Lenox Hill Hospital, New York, New York, October 21, 1993.

Biofilm inhibition and antibacterial effects of non-steroidal anti-inflammatories - Ocular Microbiology and Immunology Group Annual Meeting, Chicago, Illinois, November 13, 1993.

Penetrating keratoplasty with transscleral fixation of posterior chamber lenses - American Academy of Ophthalmology Annual Meeting paper presentation, Chicago, Illinois, November 15, 1993.

Astigmatic surgery for the cataract surgeon - Instructional Course, American Academy of Ophthalmology Annual Meeting, Chicago, Illinois, November 18, 1993.

Teaching Residents Phacoemulsification - Instructional Course, American Academy of Ophthalmology Annual Meeting, Chicago, Illinois, November 18, 1993.

Update on Keratoconus: Corneal and refractive surgery: A preview - New York Eye and Ear Infirmary, New York, New York, December 3 and 4, 1993.

Program Director - Nassau Surgical Society Meeting, Keratorefractive Surgery for the Cataract Surgeon, Uniondale, New York, December 8, 1993.

Course Director - Manhattan Eye, Ear and Throat Hospital Biennial Alumni Meeting, New York, New York, December 10 and 11, 1993.

Section Moderator - Keratorefractive Surgery: State-of-the-Art - Manhattan Eye, Ear and Throat Hospital Biennial Alumni Meeting, New York, New York, December 10, 1993.

Astigmatic surgery for the cataract surgeon - Manhattan Eye, Ear and Throat Hospital, New York, New York, December 10, 1993.

Comparing and contrasting excimer laser versus radial keratotomy - Visiting professor, Cooper Hospital, Robert Wood Johnson Medical Center, Camden, New Jersey, December 15, 1993.

Perioperative antibiotics and the prevention of endophthalmitis - Washington DC Ophthalmologic Society, Washington, DC, January 13, 1994.

Keratorefractive surgery for the cataract surgeon - New York University Grand Rounds, New York, NY, January 19, 1994.

Antibiotic prophylaxis and the prevention of postoperative endophthalmitis, Atlanta Ophthalmic Society, Atlanta, Georgia, January 20, 1994.

Perioperative antibiotics and the prophylaxis of endophthalmitis - The Greater Washington Ophthalmological Society, Washington, DC, January 25, 1994.

The prevention and treatment of endophthalmitis - Winthrop-University Hospital, Mineola, New York, February 1, 1994.

Corneal unknowns - St. Vincent's Hospital Grand Rounds, New York, NY, February 9, 1994.

Persistent epithelial defects and recurrent erosions - Aspen Corneal Society, Snowmass, Colorado, February 24, 1994.

Corneal unknowns - Aspen Corneal Society, Snowmass, Colorado, February 24, 1994.

Comparing and contrasting radial keratotomy and the Excimer laser - University of South Carolina Grand Rounds, Columbia, South Carolina, March 22, 1994.

Perioperative antibiotics and the prevention of endophthalmitis - Central South Carolina Ophthalmological Society, Columbia, South Carolina, March 22, 1994.

Corneal unknowns - Catholic Medical Center, Flushing, New York, March 24, 1994.

Advances in refractive surgery - Catholic Medical Center, Flushing, New York, March 24, 1994.

Teaching residents phacoemulsification - American Society of Cataract and Refractive Surgery, Boston, Massachusetts, April 9, 1994.

Keratorefractive surgery for the cataract surgeon - American Society of Cataract and Refractive Surgery, Boston, Massachusetts, April 9, 1994.

Corneal unknowns - New York Ophthalmic Clinical Lecture Series, New York, NY, April 13, 1994.

Perioperative antibiotics and the prophylaxis of antibiotics - Ohio Ophthalmic Society, Toledo, Ohio, April 19, 1994.

Perioperative antibiotics in the prevention of endophthalmitis - Hahnemann University, Philadelphia, Pennsylvania, April 21, 1994.

Management of anterior segment trauma - Hahnemann University, Philadelphia, Pennsylvania, April 21, 1994.

Perioperative prophylaxis in the prevention of endophthalmitis - Puerto Rico Ophthalmological Society, San Juan, Puerto Rico, September 9, 1994.

Complications of radial keratotomy - Puerto Rico Ophthalmological Society, San Juan, Puerto Rico, September 10, 1994.

Perioperative prophylaxis in the prevention of endophthalmitis - Manhattan Eye, Ear and Throat Hospital Grand Rounds, New York, New York, September 13, 1994.

Perioperative prophylaxis of endophthalmitis - Wilmer Eye Institute, September 16, 1994.

Excimer laser update - Good Samaritan Hospital, New York, September 17, 1994.

Management of complications of radial keratotomy - Current Concepts in Anterior Segment Disorders, Cooperstown, New York, September 23, 1994.

Perioperative antibiotic prophylaxis in the prevention of endophthalmitis - Current Concepts in Anterior Segment Disorders, Cooperstown, New York, September 23, 1994.

Corneal and unusual cases - Current Concepts in Anterior Segment Disorders, Cooperstown, New York, September 24, 1994.

Antibiotic prophylaxis in the prevention of endophthalmitis - Grand Rounds, St. Vincent's Hospital, New York, October 2, 1994.

EKC: Is there a safe and effective treatment? Antimicrobials and Ophthalmology II. Manhattan Eye, Ear and Throat Hospital, New York, New York, October 15, 1994.

Soemmering's ring support for posterior chamber intraocular lens implantation at the time of penetrating keratoplasty: 5-year experience - Castroviejo Cornea Society, San Francisco, California, October 29, 1994.

Intracorneal aqueous humor and vitreous humor penetration of Ofloxacin - Ocular Microbiology and Immunology Group, San Francisco, California, October 29, 1994.

Controlled evaluation of bandage contact lens and a topical NSAID in the treatment of traumatic corneal abrasions - American Academy of Ophthalmology, San Francisco, California, November 1, 1994.

Antibiotic prophylaxis in the prevention of endophthalmitis - Tufts University Hospital, Grand Rounds, Newton-Wellesley, Massachusetts, January 12, 1995.

Refractive surgery for the general ophthalmologist: Comparing and contrasting Excimer laser PRK and radial keratotomy - New York Society of Clinical Ophthalmology, New York, January 23, 1995.

Antibiotic prophylaxis in the prevention of endophthalmitis - Southeast Alabama Ophthalmologic Society Meeting, Mobile, Alabama, January 25, 1995.

New concepts in the management of anterior segment surgical complications - American Society of Cataract and Refractive Surgery, San Diego, California, April 1, 1995.

Teaching phacoemulsification to residents and ophthalmologists in transition - American Society of Cataract and Refractive Surgery, San Diego, California, April 3, 1995.

Perioperative antibiotics and the prophylaxis of endophthalmitis - Grand Rounds, New York Medical College, Valhalla, New York, September 5, 1995.

Round Table Discussion: Use of fluoroquinolones in ophthalmology. Ocular Surgery News meeting, New York, September 15, 1995.

Perioperative antibiotics in the prophylaxis of endophthalmitis. Grand Rounds, New York Hospital - Cornell Medical Center, New York, September 28, 1995.

What's new in cornea and external disease. Moderator: Discussion on Refractive Surgery. New York State Ophthalmological Society Meeting, New York, September 23, 1995.

Refractive surgery: If not now, when? Moderator. New York State Ophthalmological Society Meeting, New York, September 23, 1995.

External disease: The latest comforts and cures. New York State Ophthalmological Society Meeting, New York, September 23, 1995.

Diagnosis and Management of Blepharitis. Tufts New England Medical Center, Boston, September 30, 1995.

Perioperative antibiotics in the prophylaxis of endophthalmitis. Tufts New England Medical Center, Boston, September 30, 1995.

Update in cornea. New York University Biennial Alumni Meeting, New York, October 7, 1995.

Cornea and External Disease Annual Meeting. Diagnosis and Management of Blepharitis. Manhattan Eye, Ear and Throat Hospital, New York, October 14, 1995.

Subconjunctival treatment of ocular cicatricial pemphigoid with Mitomycin C. Annual Scientific Meeting of the Castroviejo Cornea Society, Atlanta, Georgia, October 28, 1995.

Discussion of: Comparison of ciprofloxacin ophthalmic solution 0.3% to fortified tobramycin/cefazolin in the treatment of bacterial corneal ulcers -- and -- Clinical failures associated with ciprofloxacin monotherapy of Streptococcal keratitis. Annual meeting of the American Academy of Ophthalmology, Atlanta, Georgia, October 31, 1995.

Astigmatic surgery for the cataract surgeon. Course given at the annual meeting of the American Academy of Ophthalmology, Atlanta, Georgia, November 1, 1995.

Teaching phacoemulsification surgery to residents and ophthalmologists in transition. Course given at the annual meeting of the American Academy of Ophthalmology, Atlanta, Georgia, November 2, 1995.

Epithelial wound healing and the Excimer laser. Grand Rounds, Booth Memorial Hospital, Flushing, New York, January 9, 1996.

Epithelial wound healing and the Excimer laser. Manhattan Eye, Ear and Throat Hospital, Ophthalmology Alumni meeting, New York, New York, January 20, 1996.

Corneal unknowns. Aspen Corneal Society, Snowmass, Colorado, February 19, 1996.

Epithelial wound healing and the Excimer laser. Aspen Corneal Society, Snowmass, Colorado, February 21, 1996.

Epithelial wound healing and the Excimer laser. Brookdale Hospital, Grand Rounds, Brooklyn, New York, March 18, 1996.

Update on blepharitis. Paris Ophthalmology Society, Paris, France, April 4, 1996.

Corneal update. Huntington Hospital, Grand Rounds, Huntington, New York, April 16, 1996.

Perioperative antibiotics in the prevention of endophthalmitis. Chicago Ophthalmology Society, Chicago, Illinois, May 17, 1996.

Infectious crystalline keratopathy: Advances in ocular infections. Manhattan Eye, Ear and Throat Hospital, New York, New York, September 21, 1996.

Surgical management of astigmatism. New York Society for Clinical Ophthalmology, New York, New York, September 28, 1996.

Photorefractive keratectomy. American Academy of Ophthalmology, Chicago, Illinois, October 27, 1996.

Excimer PRK for low to moderate myopia. American Academy of Ophthalmology, Chicago, Illinois, October 28, 1996.

Refractive Surgery: State of the Art. Course Director, Nassau Surgical Society, Uniondale, New York, December 4, 1996.

How to increase your refractive surgical volume. Nassau Surgical Society, Uniondale, New York, December 4, 1996.

The surgical management of astigmatism. Nassau Surgical Society, Uniondale, New York, December 4, 1996.

Corneal unknowns. St. Vincent's Hospital, New York, January 29, 1997.

Management of persistent epithelial defects and recurrent erosions. Aspen Corneal Society, Snowmass, Colorado, February 17, 1997.

Corneal unknowns. Aspen Corneal Society, Snowmass, Colorado, February 17, 1997.

Advances in cornea and external disease. St. Vincent's Medical Center Grand Rounds, New York, New York, February 29, 1997.

Update on the management of blepharitis. University of Minnesota, Minneapolis, Minnesota, March 11, 1997.

Corneal unknowns. University of Minnesota, Minneapolis, Minnesota, March 11, 1997.

Persistent epithelial defects and recurrent erosions. University of Minnesota, Minneapolis, Minnesota, March 11, 1997.

Diagnosis and prevention of endophthalmitis. Pittsburgh Ophthalmological Society, Pittsburgh, Pennsylvania, March 14, 1997.

How to build a refractive surgical center. Pittsburgh Ophthalmological Society, Pittsburgh, Pennsylvania, March 15, 1997.

Astigmatic surgery for the general ophthalmologist. Pittsburgh Ophthalmological Society, Pittsburgh, Pennsylvania, March 15, 1997.

Refractive surgery unknowns. Manhattan Eye, Ear and Throat Hospital, New York, New York, March 25, 1997.

Perioperative antibiotics in the prevention of endophthalmitis. The combined South Carolina and North Carolina Ophthalmological Society Annual Meeting, Hilton Head, South Carolina, April 4, 1997.

Innovations in corneal and external disease. Lenox Hill Hospital Grand Rounds, New York, New York, April 17, 1997.

Innovations in corneal and external disease. Cornell Medical Center, Cornell Ophthalmology Alumni Association Annual Meeting, New York, New York, May 1, 1997.

Advances in cornea and external diseases. The Idaho Ophthalmological Society, Sun Valley, Idaho, July 11, 1997.

Refractive surgery disasters. The Idaho Ophthalmological Society, Sun Valley, Idaho, July 12, 1997.

Surgical management of astigmatism. The Advanced Anterior Segment Surgery Course and the American Academy of Ophthalmology, Philadelphia, Pennsylvania, September 5, 1997.

PRK and LASIK. The Advanced Anterior Segment Surgery Course at the American Academy of Ophthalmology, Philadelphia, Pennsylvania, September 5, 1997.

LASIK versus PRK. Panel Discussion. New York State Ophthalmological Society meeting, New York, New York, September 20, 1997.

Subconjunctival Mitomycin C in the management of ocular cicatricial pemphigoid. American Academy of Ophthalmology annual meeting, San Francisco, California, October 28, 1997.

Keratorefractive surgery for the cataract surgeon. Course given at the American Academy of Ophthalmology annual meeting, San Francisco, California, October 28, 1997.

Perioperative antibiotics and the prevention of endophthalmitis. Central Pennsylvania Ophthalmology Society, Harrisburg, Pennsylvania, March 19, 1998.

The Future of Ophthalmology. Future Focus. Manhattan Eye, Ear & Throat Hospital, New York, June 6, 1998.

Leading your practice to success. VISX University, Waldorf Astoria, New York, June 6, 1998.

Complications of refractive surgery. Albert Einstein College of Medicine. Bronx, New York, June 11, 1998.

Preventing complications in refractive surgery. The Ocular Surgery News meeting. New York, New York, September 10, 1998.

LASIK following penetrating keratoplasty. Aspen Corneal Society, Snowmass, Colorado, February 17, 1999.

Prevention of Infectious Complications in Refractive Surgery. Washington, D.C. Ophthalmology Society, Washington, D.C., March 2, 1999.

Preventing refractive surgery complications: Choosing the correct antibiotic. Ocular Drug and Surgical Therapy Update meeting, Ocular Surgery News, Dana Point, California, March 7, 1999.

Cornea and Refractive Surgery. New York Ophthalmology Basic Science Lecture. Mount Sinai Medical Center, New York, New York, July 28, 1999.

Mechanism of Action of Antibiotics, Antivirals, and Antifungals. Sally Letson Foundation, University of Ottawa, Canada, September 23, 1999.

Keratitis Sicca. Mechanisms and Diagnosis. Sally Letson Foundation, University of Ottawa, Canada, September 24, 1999.

Management of the Dry Eye. Sally Letson Foundation, University of Ottawa, Canada, September 24, 1999.

Corneal Disasters. American Academy of Ophthalmology, Orlando, Florida, October 25, 1999.

Refractive Surgery Update. Nassau Academy of Medicine, Syosset, New York, November 8, 1999.

Program Director. Advances in Ophthalmology. The Nassau Surgical Society, Uniondale, New York, December 8, 1999.

Advances in Refractive Surgery. The Nassau Surgical Society, Uniondale, New York December 8, 1999.

Advances in Refractive Surgery. Brooklyn Ophthalmology Society, Brooklyn, New York, February 10, 2001.

Management of Flap Striae. Refractive Surgery and Professional Interest Group, New Orleans, Louisiana, November 9, 2001.

LASIK Complications: Management of Infectious Keratitis After LASIK. ISRS, New Orleans, Louisiana, November 9, 2001.

Early Management of Flap Striae. American Academy of Ophthalmology, New Orleans, Louisiana, November 10, 2001.

The Effect of Hinge Position on Corneal Sensation and Dry Eye Signs and Symptoms Following LASIK. American Academy of Ophthalmology, New Orleans, Louisiana, November 12, 2001.

Management of Flap Irregularities. American Academy of Ophthalmology, New Orleans, Louisiana, November 13, 2001.

The Effect of Hinge Position on Corneal Sensation and Dry Eye. American Academy of Ophthalmology, New Orleans, Louisiana, November 14, 2001.

Management of Flap Irregularities. Castroviejo Cornea Society, New Orleans, Louisiana, November 14, 2002.

Advances in Refractive Surgery. Moderator. Nassau Surgical Society. Plainview, New York, December 5, 2001.

Advances in Wavefront Technology. Annual Brooklyn Society of Ophthalmology meeting, January 10, 2002.

Evaluation and Treatment of Dry Eyes. The Hawaiian Eye Meeting, Kona, Hawaii, January 24, 2002.

Hyperthermic Treatment of Corneal Striae and the Effect of Hinge Position on Dry Eyes. The Hawaiian Eye Meeting, Kona, Hawaii, January 25, 2002.

Antibiotic Prophylaxis for Cataract and Refractive Surgery. Visiting Professor, University of Ottawa, Ottawa, Canada, January 29, 2002.

Persistent Epithelial Defects and Recurrent Erosions. Visiting Professor, University of Ottawa, Ottawa, Canada, January 29, 2002.

The Effect of Hinge Position on Dry Eye. Aspen Corneal Society, Snowmass, Colorado, February 18, 2002.

Management of Flap Irregularities. Aspen Corneal Society, Snowmass, Colorado, January 19, 2002.

Moderator. Combined Meeting of the Nassau Surgical Society and the Brooklyn and Long Island Chapter of the American College of Surgeons. Uniondale, New York, December 3, 2003.

Phakic IOLs. Combined Meeting of the Nassau Surgical Society and the Brooklyn and Long Island Chapter of the American College of Surgeons. Uniondale, New York, December 3, 2003.

Wavefront Technology Update. Combined Meeting of the Nassau Surgical Society and the Brooklyn and Long Island Chapter of the American College of Surgeons. Uniondale, New York, December 3, 2003.

Infectious keratitis after laser in situ keratomileusis: Results of an ASCRS survey. The American Society of Cataract & Refractive Surgery, Clinical Update, Kiawah Island, South Carolina, May 30, 2003.

Safety and efficacy of ketorolac tromethamine 0.4% ophthalmic solution in post-photorefractive keratectomy patients. The American Society of Cataract and Refractive Surgery, Clinical Update, Kiawah Island, South Carolina, June 3, 2004.

Moderator. Nassau Surgical Society Clinical Day. Uniondale, New York, December 1, 2004.

10 Pearls for Inserting Phakic IOLs Into Your Practice. Nassau Surgical Society Clinical Day, Uniondale, New York, December 1, 2004.

How to Convert to Bimanual Phacoemulsification. Nassau Surgical Society Clinical Day, Uniondale, New York, December 1, 2004.
